Dedicated and ambitious MSC student, enthusiastic to apply my dynamic mix of programming proficiency and thirst for knowledge to make meaningful contributions to software development . So let's get in touch and discuss how we can collaborate to make a positive difference.

## EDUCATION HISTORY

### MSC Scientific Computing

- **Duration:** Pursuing-06/2023
- **Institution/University :** Savitribai Phule Pune University, Pune
- **CGPA:** 5.82

### Bachelors of Computer Science

- **Duration:** 10/2018 - 11/2020
- **Institution:** NVP College, Nasik
- **University:** Savitribai Phule Pune University
- **% of the Marks:** 77.08%

### HSC

- **Duration:** 04/2016 - 02/2017
- **Board:** Maharashtra State Board
- **Institution:** NVP College, Nasik
- **% of the Marks:** 68.00%

## EXTRACURRICULAR ACTIVITIES AND INTERESTS

- **Placement Coordinator** of 30th batch of Msc Scientific Computing department, 2024
- **Harmonium Player**
- **Sketch Artist**
- **Painting**
- **Classical dancer**

## PERSONAL DETAILS

**Name :** Shubhada Bhalchandra Kunde

**Date of Birth :** 10-08-1999

**Gender :** Female

**Marital Status :** Unmarried

**Languages Known :** English, Hindi, Marathi

## PROJECT

### TITLE : " INVENTORY MANAGEMENT APPLICATION (11/2023-PRESENT)

**Objective :** The purpose is to create a online tool for managing inventory that makes it easy to track items and handle orders. This will help improve how we keep track of stock and process orders efficiently.

**Contribution :** Taking charge of the project's frontend, I utilized my expertise in HTML, CSS, JavaScript and React.js to design intuitive user interfaces and seamless navigation.

The project has undertaken by a collaborative team of 4 members, under our project guide Dr.Abdullah Ansari.

### Technology Used :

- **Frontend** - HTML, CSS, JavaScript, React.js
- **Backend** - Python, Django
- **Database** - Mysql
- **Additional Tools** : Git, Figma

## SKILLS

- **Programming Languages :** C, C++, Java, JavaScript
- **Web Technologies :** React.js, HTML, CSS, Javascript, git
- **SQL**
- **Operating system :** Windows, Ubuntu, Debian
- **Tools :** Visual Studio Code, Figma, MS Office, Github
